

SUGGESTED K-6 PRINT RESOURCES Fall 2021 Order Form

During COVID, everything about the way you teach and interact with students shifted suddenly and dramatically. To support teachers during this time, we have created a list of print resources that may work within your health and safety protocols. We have included resources that are laminated (so they can be cleaned), contexts that require less sharing of student resources (Independent, Whole Class) or practical, hands-on teacher resources. As well, the Fountas & Pinnell team created Remote Teaching and Learning Guides and provided guidance for using the resources alongside the health and safety protocols in place when students returned to classrooms. **Many of these suggested print resources also include digital access for a blended learning or virtual learning solution.**
